20 + guests

Groups from 20 guests upwards must pre-select dishes to allow for a speedy service and to enable us to calculate menus more precisely. We are able to offer alternate dishes for any last minute dietary requirements although naturally we would prefer to know in advance. Two options for main course (eg. a fish or meat) can be arranged but will likely necessitate an increase in price due to the preparation of additional dishes and subsequent overproduction.

There could be changes in vegetable and fruit garnishes due to seasonal availability. Each menu includes a fish main course choice which will be determined according to seasonal produce, type of fish and the menu as a whole
